# Introduction

## TRANSFORMING GLOBAL PAYMENTS

Buildex is reimagining the world of cross-border payments by merging fiat and cryptocurrency transactions on a unified platform. Our mission is to create a borderless financial world, where individuals and businesses can transfer funds with ease, speed, and security, integrating the power of blockchain with everyday finance.

# Advanced Financial Technology for the Modern Era

**CRYPTO**

Buildex operates on a secure, scalable infrastructure combining AWS, blockchain, and microservices. Our customizable API and payment gateway support instant fiat-to-crypto conversions, automated reconciliations, and strict global compliance. This technology allows for high-speed, low-cost transactions, ensuring a seamless experience for users worldwide.

# Key Components of Buildex

## FEATURES

- **Multi-Currency Payment Gateway:** Real-time, global payment processing for fiat and crypto.
- **Remittance Widget:** Simplifying secure, cross-border transactions.
- **Business Tools:** Invoicing, detailed analytics, and account management for businesses.
- **Revenue Share:** Each remittance transaction fee is shared with \$BDX holders, fostering community engagement and growth.

# Wide-Ranging Applications for Buildex

**VERSATILE**

Buildex serves diverse industries by providing seamless payment solutions:

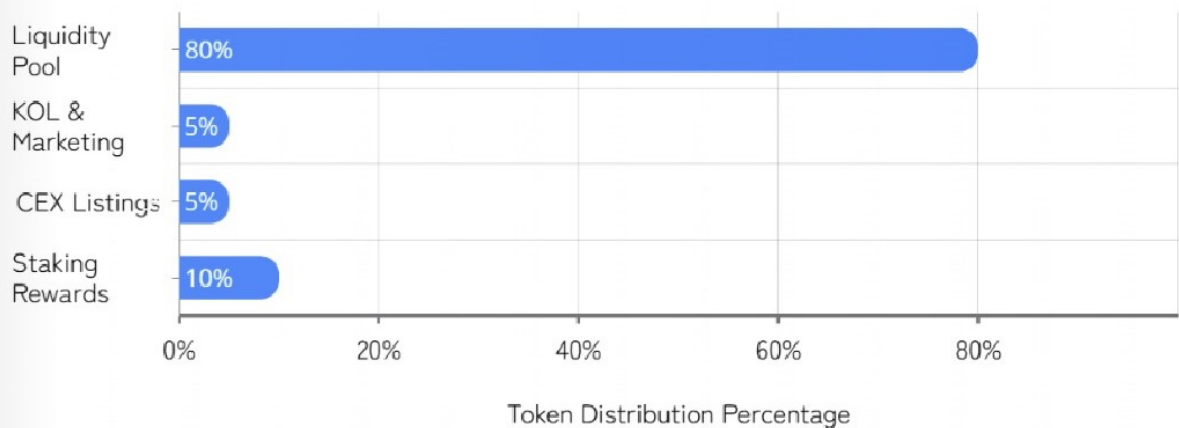

- **E-commerce:** Crypto and fiat checkout options for global accessibility.
- **Freelancing and Gig Economy:** Quick, reliable cross-border payments.
- **Subscription Services:** Comprehensive invoicing and flexible payment methods for recurring services.

Tokenomics

## \$BDX: Powering the Buildex Ecosystem

### Token Distribution Breakdown

Total Supply: 100,000,000 \$BDX

The \$BDX token is central to Buildex, facilitating transactions and incentivizing platform use:

- **Supply:** Defined total and circulating supply with controlled release.
- **Transaction Taxes:** A minimal fee supports ecosystem growth.
- **Revenue Share:** A portion of transaction fees from remittances is distributed to \$BDX holders.

# Development Pathway and Future Vision

GROW

Our roadmap illustrates the progressive steps of Buildex:

- **Current Focus:** Advanced invoicing, fraud detection, and additional API functionalities.
- **Upcoming Launch:** Buildex mobile app for user-friendly, mobile-based payments.
- **Future Goals:** Expanded staking options and strategic partnerships.

# Conclusion

**JOIN BUILDEX  
ON THE PATH TO  
A BORDERLESS  
FINANCIAL  
WORLD**

Buildex is committed to bridging the gap between traditional and digital finance. We invite you to be part of a platform that's shaping the future of global payments.
